

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

Please please please, realize how concentrated radio already is because of the 1996 Telecommunications Act. Please try to ensure some diversity in cable by not lifting the ownership caps. I've never written to the FCC before, as I'm just a regular citizen, but I believe this is a critical issue for our democracy.
